**IV. Replace the following groups of words with a single word using prefixes:**

**3x1=3**

1. not curable
2. not logical
3. not happy.

**V. Use the following phrases in your own sentences:**

**2x1=2**

1. Above all -
2. To look for -

[P.T.O]

**VI. Read the following passage from the Main Reader and answer the following questions: 10×1=10**

Bahuguna is the leader of Chipko, a grass - roots movement in which villagers take control of and protect their forests. The word 'Chipko' in both Garhwali and Hindi means to embrace or hug. The movement is teaching them better land use, nursery management and reformation methods. Bahuguna has achieved more in 10 years than the forestry department could have done in hundred years, a government official in the Tehri - Garhwal District told me. Chipko's success has forced the forestry department to change its role from policeman to teacher - In some villages it has opened nurseries and provided farmers free seedlings.

1. Define 'Chipko' ?
2. Who is the leader of Chipko?
3. What is the main aim of Chipko movement.
4. In Chipko movement \_\_\_\_\_ take control of and protect the forests.
5. \_\_\_\_\_ has achieved more than forestry department.
6. The movement is teaching \_\_\_\_\_ methods.
7. Forestry department is providing farmers with \_\_\_\_\_
8. Forestry department is now playing the role of \_\_\_\_\_
9. Chipko movement is taking place in \_\_\_\_\_ district.
10. Write antonyms of "Success"?

**VII. Read the following passage from the Supplementary Reader and say whether following statements are True(T) or False(F): 10×1=10**

There are eight thousand Six hundred kinds of birds, varying in size, from the tiny himming birds to the largest of all living birds, the Ostrich. They are of different places. They eat different kinds of food and they make different noises. But, inspite of this, birds are a group of animals that are similar in many ways. For example they all have feathers. They have warm bodies and the feathers help to prevent this warmth from being lost. Only birds have feathers so that if you want to decide if some unknown creatures was a bird or not, you would only need to see if it had feathers.

1. All birds are of some size. [     ]
2. There are more than eight thousand kinds of birds [     ]
3. Only birds have feathers. [     ]
4. All birds have same colors. [     ]
5. The largest living birds is humming bird [     ]
6. Different birds have different food habits [     ]
7. Feathers help in preventing loss of Warmth [     ]
8. Birds have cold bodies [     ]
9. Write antonyms of the words
  - a). Similar     x
  - b). Known     x

VIII. Answer any Two of the following in about 50 - 60 words:  $2 \times 5 = 10$

[ Main Reader ]

1. What are the various awards Mother Teresa received?
2. Write a note on how Polya learnt reading and writing?
